SCHOOL TUITION ORGANIZATION (STO)

- An STO is a non-profit organization that accepts tax credit donations and distributes them as tuition scholarships.
- Scholarship awards are sent to the school directly.
- Financial circumstances must be considered for all scholarship awards.
 - Each STO can take into consideration other factors when making awards, such as:
 - Donors may recommend your student to be considered for the award. (Not all STOs allow this)
 - Income
 - Narrative
 - Special Circumstances Letter
- EACH STO has its own procedures/applications/due dates/award periods.
- All applications are submitted **once a year** and remain valid for that current school year. (A new application is required each year.)
- Students may receive multiple scholarship awards from more than one STO.

STO FAQs

- The state prohibits recommending tax dollars for taxpayers' own dependents.
- The law also does not tolerate purposeful recommendation "swapping" between tax payers.
- A school tuition organization cannot award, restrict or reserve scholarships solely on the basis of a donor's recommendation.
- A student recommendation serves only as an endorsement for that child.
- An STO considers it a privilege to take your recommendations into consideration.
- Demanding a designation as a condition of a donation is not a charitable act; it disqualifies any sort of credit or deduction the tax payer would want to claim. It would also jeopardize the 501(C)(3) status of the charitable organization, since no goods or services can be promised in return for a charitable gift.
- The typical procedure followed when applying for a scholarship is to submit an application by the required deadline, then wait to see if your student received an award or not.
- ***Each parent/family seeking donations for their children should also be a donor.***
- There are two types of tax credits—Corporate and Individual.

INDIVIDUAL TAX CREDIT PROGRAM

- Any Arizona taxpayer may donate and receive a **dollar-for-dollar credit** based on their state tax liability.
- Donations may be recommended for a specific student.
- Anyone** can donate and take a **deduction** on their taxes.
- There are two components to the Individual Tax Credit; Original and Overflow Plus/Switcher.

ORIGINAL TAX CREDIT
