## 2021-2022 Athletics Media Guide

On behalf of the entire athletics program at Valley Christian Schools, I would like to extend an invitation to be an Athletics sponsor.

The last few years we have rolled out three professionally printed media guides that highlighted all of our athletes, seniors, and coaches from each of the three seasons of athletics (Fall, Winter, and Spring). We were very happy with the results as it provided an opportunity for our community businesses to advertise, as well as supporting our championship athletic programs and making for a great keepsake for our athletes and families. We will once again be producing three full color media guides this year that will include photos, bios, stats, and schedules. These media guides will be sold at all home events on campus and on our school store. ***This year our sponsors will also be featured on our new digital scoreboards so all fans watching the livestream will see your businesses as well!***

We would like to highlight our community businesses as well as give families the opportunity to place a special tribute to individual players. Hundreds of these programs will be sold at all home games throughout the year, making this a great opportunity to present your business to potential customers.

We would love for you to consider purchasing a personal or business ad and in doing so support our student athletes and the future of our Valley Christian Athletic Program.

Sincerely,

Greg Haagsma  
Athletic Director
