ABOUT VCS

The mission of Valley Christian Schools is that students know Jesus Christ as their personal Savior, live like Him, and prepare academically, physically, socially and spiritually, enabled to make a difference in the world.

Why Sponsorships?

At Valley Christian Schools, we believe the strength of our school ties in closely with the strength of our community. We are both careful and mindful of not overexposing our students and families to an excess of marketing and promotion, which is why we've developed a formal process for school sponsorship and partnership.

We view these relationships as a win-win opportunity for you and for the school, and we invite you to find where your passion and industry match our sponsorship opportunities.

Please do not hesitate to contact the Development Office right away with questions or interest. We are excited to begin – or to continue – this relationship.
